<b>Membership Criteria</b>	
You are a household member if:	
(i) You have lived under this "roof" or within the same compound/homestead/stand <b>at least 15 days</b> during the last 12 months OR you arrived here in the last 15 days and this is now your usual residence <b>and</b>	
(ii) when you are/were together you share/d food from a common source with other household members <b>and</b>	
(iii) when you are/were together you contribute/d to or share/d in a common resource pool.	

**Interviewer:**

- List the names of all individuals who meet the 3 membership criteria below and are not already listed
- First list the names of all household members
- List household head first
- Use first names only
- Don't forget babies

**Interviewer check!**

**Live-in domestic workers and lodgers are separate households: a separate household questionnaire should be completed for them.**

<b>Roster and tracking (people who stay, out-migrants, in-migrants, deaths and births)</b>	
1.	Only the CSMs have been pre-populated on the roster. Any CSM who has moved, but is not deceased, needs to be tracked.
2.	For these CSMs we will ask a '15 days/year' question and, if the 15days/year is true, a '4 nights/week'. Only for those CSMs who have a "no" to either will we ask the "moved/dead" option. This will open up a tracking screen for `movers`.
3.	Once this is complete, we will ask if anyone else fits the 15 days/year requirement.
4.	Of these 'new' people, we next ask the 4 nights a week question. This will separate the new people on the roster into TSMs or NRs, which affects whether we want to ask them to fill in a questionnaire or not. TSMs will be interviewed, NRs will not.
5.	If there are any `new' children whose birthday falls between the Wave 1 interview date and the Wave 2 interview date (B7) and who are born to a female CSM (B13), then this child must be classified as a CSM as well.

## Section C: Mortality history

**INTERVIEWER READ OUT:** Now we would like to ask you questions about recent deaths in your household in the last 24 months.
